EdUHK is one of the teacher education providers in Hong Kong. Graduates of the University's teacher education programmes are eligible to apply to become fully qualified and registered teachers. As regards teacher registration, graduates should approach the Teacher Registration Team of the Education Bureau (EDB) to submit applications directly. All applications will be assessed by the EDB which will consider, among other things, whether an applicant has been convicted of any criminal offence (including sex-related offences) in Hong Kong or elsewhere, or is involved in any ongoing criminal proceedings or investigations.

Students admitted into this programme starting from the 2023/24 cohort are required to visit the Greater Bay Area (GBA) for a short trip (e.g. 1-day or 2-day 1-night trip) in order to complete the Cross-Faculty Core Course. While the GBA trip is heavily subsidised, students are still required to contribute 18% of the estimated cost of the trip ("student contribution"), whereas personal entertainment, meals expenses, travel document fee and personal insurance costs will not be supported. The estimated cost of the GBA trip for students admitted to the 2023/24 cohort is not available yet as it is subject to a variety of factors such as changes to the cost of the GBA trip as a result of inflation, trip duration, traveling expenses, the exchange rate, etc. The exact amount of student contribution is thus not available.

Bachelor of Education (Honours) (Primary) - **General Studies** (Five-year Full-time)

小學教育榮譽學士 - **常識** (五年全日制)

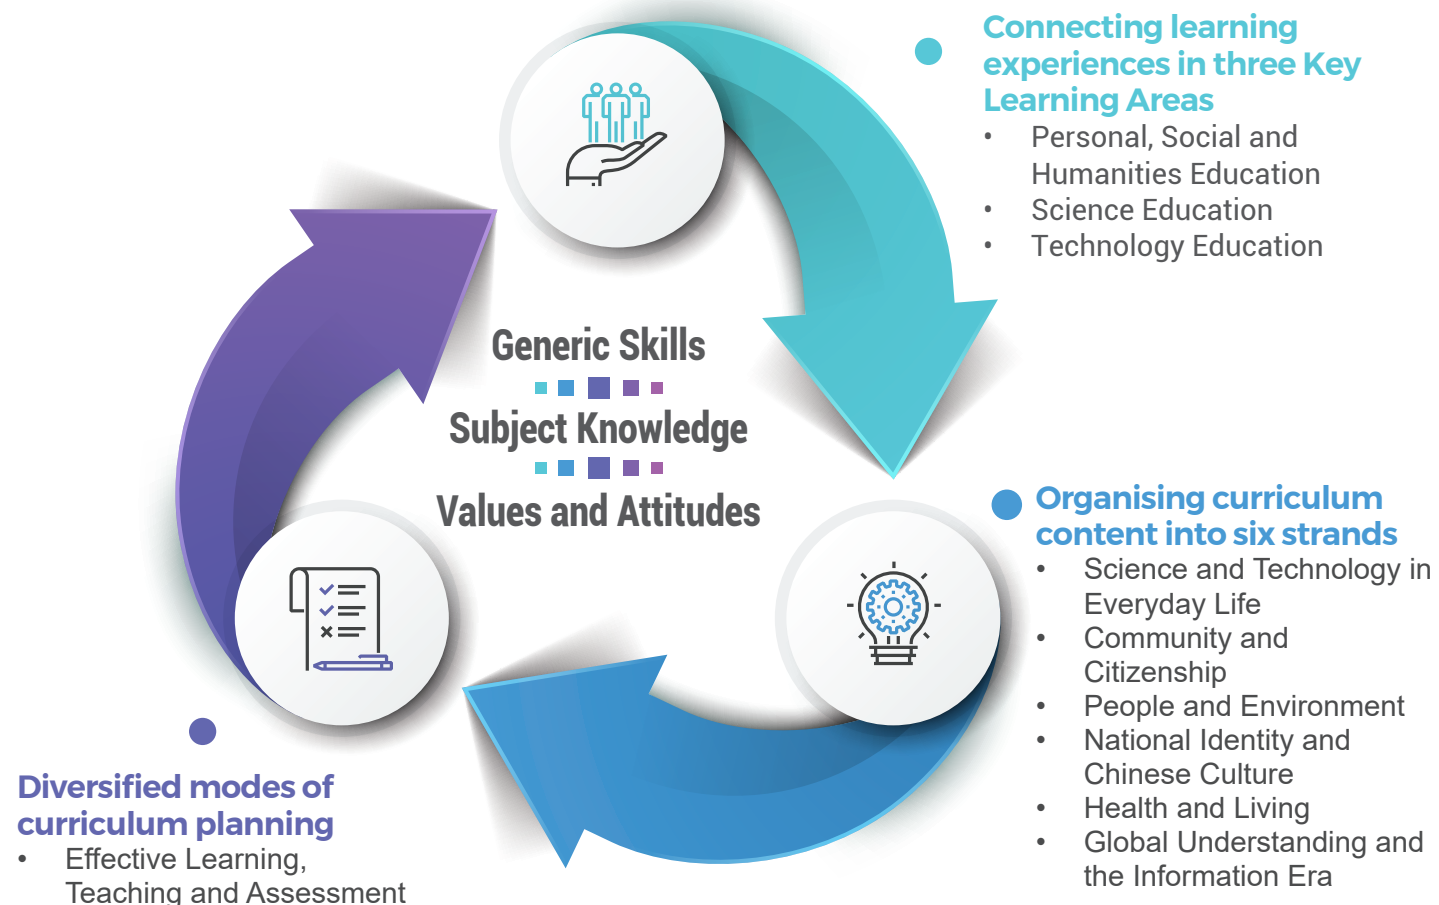

JUPAS: JS8234 | Non-JUPAS: NJ8234S

Programme Aims

General Studies is a core subject in Hong Kong primary schools, with most primary school teachers required to teach this subject. It is also an important vehicle for Civic, Moral and Sex Education. At present, The Education University of Hong Kong is the major provider of a full-time degree programme aimed at training prospective General Studies teachers for primary schools.

Taught as an interdisciplinary subject, the General Studies Major aims to prepare outstanding primary school teachers who:

- possess the **generic skills** (e.g., problem solving, critical thinking, creativity, study skills, communications, information technology, etc.) that are essential for learning in the Information Era and for making sense of social and environmental issues;
- are well-acquainted with the **spirit and methods of inquiry**;
- are well-equipped with the **social and scientific inquiry skills** that come into play in the teaching and learning of General Studies;
- have the **competence** to ride the tide of the new curriculum reforms; and
- are able to play a **significant role** in curriculum development in the school context.

Student Sharing's

Miss Chan Wan Ting **Graduate from BEd(P) - General Studies programme**

It seems that it is easy to teach General Studies. However, this becomes challenging under the rapid development of STEM and value education. Through the teaching practice and the variety of courses, I could be equipped to be a more all-around teacher and ready to teach.

Miss Kam Yi Kwan **Graduate from BEd(P) - General Studies programme**

Studying the General Studies at EdUHK was a fulfilling and fruitful experience. Through the programme, I discovered that General Studies is a mysterious, intriguing and powerful subject. It not only developed my interests and abilities but also provided an important platform for me to explore the world. Most importantly, professional and enthusiastic professors and instructors who always give us incredible insights and support. Without studying this programme, I wouldn't be the teacher who I am today!
