Statement

Students admitted into this programme starting from the 2023/24 cohort are required to visit the Greater Bay Area (GBA) and/or other parts of Mainland China. Programme may also require students to participate in other non-local learning experience for completion of the programme. While the visits are heavily subsidised, students are still required to contribute part of the estimated cost of the visits ("student contribution"), whereas personal entertainment, meals expenses, travel document fee and personal insurance costs will not be supported. The estimated cost of the visits for students admitted to the 2024/25 cohort is not available yet as it is subject to a variety of factors such as changes to the cost of the visits as a result of inflation, trip duration, traveling expenses, the exchange rate, etc. The exact amount of student contribution is thus not available.

Students admitted into this programme are normally assigned a focus of study (i.e. primary or secondary level) by the end of their first year of study. The focus of study will be reflected in the arrangements for their Field Experience and adopted for the purpose of application for Qualified Teacher Status in Hong Kong upon graduation. This programme is designed to provide students with the disciplinary and professional competency to teach in both primary and secondary schools. However, recognition of Qualified Teaching Status (QTS) in primary or secondary schools in Hong Kong is subject to the decision of the Education Bureau (EDB). Graduates of this programme are required to approach the Teacher Registration Team of the EDB to submit applications directly and all applications will be assessed by the EDB.

Career Prospects/Professional Qualifications

As stipulated by the Government, Physical Education can only be taught by fully qualified professionals. This has created a huge demand for professionally trained Physical Education teachers in Hong Kong. In addition, graduates of the programme can also choose to become professional coaches, sports management personnel and officers of local disciplinary forces.

Graduates of the programme will become competent teachers of Physical Education with the following skills and qualifications:

- Qualified Teacher Status (QTS) in primary or secondary schools in Hong Kong subject to the decision of the Education Bureau (EDB);
- Good foundation in sports, humanities, science, pedagogy and curriculum disciplines for further studies; and
- Degree-level professional qualifications that are in great demand in the Physical Education related professions.

EdUHK is one of the teacher education providers in Hong Kong. Graduates of the University's teacher education programmes are eligible to apply to become fully qualified and registered teachers. As regards teacher registration, graduates should approach the Teacher Registration Team of the Education Bureau (EDB) to submit applications directly. All applications will be assessed by the EDB which will consider, among other things, whether an applicant has been convicted of any criminal offence (including sex-related offences) in Hong Kong or elsewhere, or is involved in any ongoing criminal proceedings or investigations. For details, please browse the EDB's website.
